Summary

Frontend Developer with 4+ years of experience building responsive, high-performance web applications using React, TypeScript, and modern JavaScript ecosystems. Passionate about creating intuitive user interfaces, writing clean and maintainable code, and collaborating in cross-functional agile teams. Proven track record of improving Core Web Vitals and delivering pixel-perfect implementations from design prototypes.

Experience

Havana's 21 Havana, Cuba
Frontend Engineer May 2024 - December 2024

- Developed a restaurant web app with QR-based access, eliminating physical menus and enabling real-time updates
- Built an Instagram-style feed where customers browse dishes, like, and comment, boosting engagement and providing direct kitchen feedback
- Implemented a 3-role auth system (Kitchen, Bar, Admin) with role-specific dashboards for recipe management and customer comments
- Designed an admin panel with recipe/ingredient/menu management and drag-and-drop menu ordering as a marketing strategy tool
- Reduced API boilerplate by ~60% by replacing Axios with React Query, eliminating useState/useEffect in every component

Helados las Tres B Santiago de Cuba, Cuba
Full Stack Engineer November 2025

- Built an admin dashboard with metrics and full CRUDs to manage sales, products, and pricing
- Implemented a real-time order system where customers place orders and the admin tracks status changes (pending → processing → delivered/cancelled)
- Built my first serverless application using Supabase authentication, RPC functions, and real-time subscriptions
- Reduced estimated development time from 6 weeks to 2 weeks (~67% faster) by leveraging serverless architecture without a dedicated backend

Skills

Programming Languages

Advanced

JavaScript, TypeScript, Python, Go

Databases & Backend

Frameworks & Libraries

Advanced

React, Next.js, React Native, Tailwind CSS, Node.js

Tools & Platforms

Intermediate
Supabase, PostgreSQL, REST APIs, Serverless

Advanced
Git, GitHub Actions, Vercel, Netlify, Docker, Figma

Education

Universidad de las Ciencias Informáticas, UCI
Havana, Cuba • 2022 - 2025

Cybersecurity Engineer • Engineer

Languages

Spanish
Native

English
